Turbo Pascal for Windows 1.5
http://vetusware.com/download/Turbo%20Pascal%20for%20Windows%201.5/?id=12830
Copy all the files to one new directory on your hard drive. CD to that directory and type "install".
Works up through Windows XP.  Has an early version of Object Windows, which became VCL in
Delphi and LCL in Free Pascal / Lazarus.
