Click-O-Manie 1.1 (DE)
 http://vetusware.com/download/Click-O-Manie%201.1%20DE/?id=14713
Tetris reverse; 2-lang-version (De/En)

LBreakout 1.0
 http://vetusware.com/download/LBreakout%201.0/?id=14712
LBreakout is a breakout-style arcade game in the manner of Arkanoid. Use your paddle to aim a
ball at bricks until all bricks are destroyed. Lots of power-ups will help you with that task ...

Shisen 0.9
 http://vetusware.com/download/Shisen%200.9/?id=14715
Shisen-Sho for BeOS; the aim of the game is to remove all tiles from the board. Only two
matching tiles can be removed at a time. Two tiles can be removed if they can be connected by
up to three horizontal or vertical lines which pass only through empty spaces. The game is over if
future moves are not possible and tiles are left on the board, or the player successfully removes
all the tiles.
