OS/5 Desktop 1.0
https://vetusware.com/download/OS5%20Desktop%201.0/?id=17974
OS/5 Desktop 1.0 is a DOS shell program which operates similar to the OS/2 or Windows desktop. It includes a file manager, interface for most popular DOS commands, a checkbook register, simple drawing program, calculator, chart and graph creator, and time display. (John Poole) (Reg.Fee: $23)

OS/5 Desktop 1.1
https://vetusware.com/download/OS5%20Desktop%201.1/?id=17975
A fast and easy to use multi-tasking environment program for the home and office. OS/5 Desktop's user-friendly interface enables you to handle and organize your DOS system more efficiently. Desktop has everything from a calculator to a clock and helpful tools to assist in your everyday computing life. Full interface program with many special features and functions, that only programs, such as Geoworks Ensemble, DeskMate and Windows can offer.
