FFF
http://vetusware.com/download/FFF/?id=12186
Finds a file on a drive.

fview 1.5
http://vetusware.com/download/fview%201.5/?id=12192
View the dbf and varios format files

Golden Axe
http://vetusware.com/download/Golden%20Axe/?id=12179
Arcade fantasy & fighting game.

Megazeux 2.81b
http://vetusware.com/download/Megazeux%202.81b/?id=12196
"One of the best game-related applications ever made, MegaZeux is a versatile Game Creation
System (GCS) created by Gregory Janson, creator of acclaimed ZZT games Code Red.
Essentially a souped-up version of ZZT, MegaZeux lets you create top-down games using ASCII
graphics and tracked music (via SoundBlaster)"

Mo'Slo 1.32
http://vetusware.com/download/MoSlo%201.32/?id=12197
Slowdown-utility for old games designed to run on an XT or 286 (evaluation version).

Outrun
http://vetusware.com/download/Outrun/?id=12180
Racing game, fun!

SAVEPART 2.50
http://vetusware.com/download/SAVEPART%202.50/?id=12187
Utility to save, restore and copy partitions.

Striker
http://vetusware.com/download/Striker/?id=12174
"Awful" looking football (i.e., soccer) game, so fun it was hard to resist. Must load "polka" settings to get the right squad colours. Choose keyboard settings and play!

The Cycles: International Grand Prix Racing
http://vetusware.com/download/The%20Cycles_%20International%20Grand%20Prix%20Racing/?id=12189
"1989 computer game developed by Distinctive Software and published by Accolade. It has similarities to Grand Prix Circuit, except it is a motorcycle racing sim."

Transport Tycoon + deluxe version
http://vetusware.com/download/Transport%20Tycoon%20%2B%20deluxe%20version/?id=12173
It is a business simulation game, presented in an isometric view with graphics by Simon Foster, in which the player acts as an entrepreneur in control of a transport company. Version "Deluxe" from 1995 included. Works flawlessly in Dosbox.

Turbo Pascal 2.0
http://vetusware.com/download/Turbo%20Pascal%202.0/?id=12193
