DOS Mine 1.0
http://vetusware.com/download/DOS%20Mine%201.0/?id=13914
Minsweeper clone

Eliza 1.0
http://vetusware.com/download/Eliza%201.0/?id=13916
Eliza was an early attempt at computer AI. The idea was that it would be something like a
computer therapist, where you would enter your problems and it would reply with further probing
questions to help you with your problems. In practice, due to the simplistic algorithms used, it was
most often a thoroughly frustrating experience. (See the screenshot for an example.) This thing is
probably good for a laugh and nothing more ... it's all text. ;) As the author says, "Eliza can either
cure your psychosis or generate new ones depending on how you take it."

Racer 1.0
http://vetusware.com/download/Racer%201.0/?id=13915
A simple shareware racing game.

Tom & Jerry: Yankee Doodle's Cat-Astrophe 1.0
http://vetusware.com/download/Tom%20_%20Jerry_%20Yankee%20Doodles%20Cat-Astrophe%
201.0/?id=13917
