Back-It 3.03
 http://vetusware.com/download/Back-It%203.03/?id=14731
Back-It, from Gazelle Systems, is a fast and compact hard disk backup utility. It was sometimes part of OEM system bundles. It was kind of low-end, and changed backup formats between releases but otherwise did what it was supposed to do.

Back-It 4 [H45 Technology OEM]
