Versions for MS-DOS and Windows95 are included. Here's what programs to run for both platforms: Game: RA.EXE, RA95.EXE Editor: EDDOS.EXE, EDWIN.EXE Setup Program: SETUP.EXE, RASETUP.EXE ----- If you want to play the Windows95 version, you must have DirectX3 installed. If you haven't done so yet, check out the new Twilight Essentials in \VARIOUS\TLESSENT on your Twilight CD (or just use the Various Manager!). DirectX3.rar included
