Novell Advanced Netware 286 version 20a 2.0a

<https://vetusware.com/download/Novell%20Advanced%20Netware%20286%20version%2020a%202.0a/?id=18224>

Contains what should be a full set of Advanced Netware 286 v2.0a low density 360K floppy disks. This should be the release prior to Novell's ELS and SFT product stratifications.
