Netware Services for OS/2 2.0

<https://vetusware.com/download/Netware%20Services%20for%20OS2%202.0/?id=18227>

Includes 2 sets of original disks, first set of 4x1.44MB for Netware Management Map for OS/2 and 3x1.44MB Netware Requester for OS/2 disks. Files appear to be mostly dated 1992. Note this isnt the full Netware Server that runs on OS/2.
