Vista Pro 1.01 for DOS 1.01

<http://vetusware.com/download/Vista%20Pro%201.01%20for%20DOS%201.01/?id=12693>

Type "Install" at the dos prompt using DOS-BOX. Vista and Vista Pro are 3D landscape generation programs originally for the Amiga, Apple Macintosh and Microsoft Windows (PC) range of home computers. It was written by John Hinkley and its own About box describes it as "a 3-D landscape generator and projector capable of accurately displaying real-world and fractal landscapes." It was published by Virtual Reality Labs.
