The NEW Print Shop v3.0

http://vetusware.com/download/The%20NEW%20Print%20Shop%20v3.0/?id=12896

The New Print Shop is a utility for creating greeting cards and banners. This version has a Mac-like user interface and supports high resolution graphics. To differentiate itself from earlier version of The Print Shop for the IBM PC, Borland rebranded the product as "The NEW Print Shop". This version is succeeded by "The Print Shop Deluxe".

The New Print Shop v3.2

http://vetusware.com/download/The%20New%20Print%20Shop%20v3.2/?id=12897

5.25" disk set. The New Print Shop is a utility for creating greeting cards and banners. This version has a Mac-like user interface and supports high resolution graphics. Windows for Workgroups 3.11 [PT-BR] 3.11 Workgroups (PT)

http://vetusware.com/download/Windows%20for%20Workgroups%203.11%20%5BPT-BR%5D%203.11%20Workgroups%20PT/?id=12884

Windows for Workgroups 3.11 (originally codenamed Snowball) was released on August 11, 1993,[15] and shipped in November 1993.[16] It supported 32-bit file access, full 32-bit network redirectors, and VCACHE.386 file cache, shared between them. WFW 3.11 dropped standard mode support and requires a 386 machine to run.
