Citrix MetaFrame 1.0

<http://vetusware.com/download/Citrix%20MetaFrame%201.0/?id=12899>

Citrix MetaFrame is an add-on for Microsoft Terminal Server that provides Citrix ISA connectivity and additional management tools. Unlike WinFrame, this is not an entire OS.

StatWorks 1.2

<http://vetusware.com/download/StatWorks%201.2/?id=12900>

StatWorks is a very powerful statistics software package for the Macintosh designed for a wide variety of applications. It all who work with numbers to do statistical computations without spending hours learning "high level" languages or going through several stages to compile analysis. StatWorks 1.2 includes statistical routines for: simple, multiple and polynomial regression; a full range of descriptive statistics, t-test, cross tabulations normality tests. Kolmogorov - Smirnov test, one-way and two-way ANOVA. Nonparametric routines include Mann-Whitney U Test, Wilcoxon signed rank test, Spearman's correlation coefficient, Kendall's correlation coefficient, Kruskal-Wallis and Friedman tests. Archive contains one 400k disk image for use with VMac.
