Imagine 2.0

<http://vetusware.com/download/Imagine%202.0/?id=13230>

Imagine 2.0 for Windows. This is the last version of Imagine ever released. This is rendering program made popular with the Amiga line of computers, ported over to Windows. Alas it was not enough to keep Impuse in business. This is an installed version, copy it into the program files directory, and just run Imagine.
