Skyglobe 2.0

<http://vetusware.com/download/Skyglobe%202.0/?id=13320>

2.0 version of the amazing Skyglobe (latest DOS version was 3.6). Shareware, fully functional.

The Computer Guide to the Solar System 1.20

<http://vetusware.com/download/The%20Computer%20Guide%20to%20the%20Solar%20System%201.20/?id=13319>

Astronomy - The Solar System. Nice educational program. Later versions labeled "Orbits", I believe
