Over The Reich 1.0

<http://vetusware.com/download/Over%20The%20Reich%201.0/?id=13594>

Over the Reich is a 1996 strategy computer game for personal computers operating the Microsoft Windows operating system. The game was released in North America and Europe. Players can play as either Nazi Germany, the United States of America, or as Great Britain. This game combines turn-based dogfighting with strategic manoeuvres as the player must position his airplanes to destroy his enemies. Authentic clips (QUICKTIME needed) from World War II help to improve the realism of this video game. +++RUNS ON WINDOWS XP AND WINDOWS 7. IGNORE THE QUICKTIME MESSAGE+++
