ELV Laser Tuner 1.0

<http://vetusware.com/download/ELV%20Laser%20Tuner%201.0/?id=13642>

laser scanner software, requires LA90 controller card (ISA-card)

XTC Play 097c

<http://vetusware.com/download/XTC%20Play%20097c/?id=13641>

Dos audio player. Can play multiple types of files including WAV and MP3 but not MIDI. Includes sound synchronized screensavers. Soundblaster support means support for ALL Cards, which are able to emulate either SB16, SBPRO or SB-MONO.
