VoiceType Simply Speaking 3.02
http://vetusware.com/download/VoiceType%20Simply%20Speaking%203.02/?id=11986
VoiceType Simply Speaking is a voice dictation and speech recognition program for Windows 95 and NT 4. It also offers text-to-speech output, and adds verbal interface control of the Windows 95 desktop.   Simply Speaking is a scaled down version of IBM's full VoiceType product for the home and educational market.
