Banania (DE)

<http://vetusware.com/download/Banania%20DE/?id=15335>

Banania is a puzzle game in the tradition of Sokoban, just with added monster. Very cute graphics. It runs on Windows 3.0+. Only available in German language. The 3.5" DD floppy image (720K) also contains Microsoft's SPEAKER.DRV which allows audio playback – no MIDI – on the PC speaker without a sound card.
