FSPViewer64 2.1.0

<http://vetusware.com/download/FSPViewer64%202.1.0/?id=15714>

Spherical viewer displays equirectangular panoramic images properly.

Sigmanest 3.10 Demo

<http://vetusware.com/download/Sigmanest%203.10%20Demo/?id=15712>

Sigmanest is a 2D cad program for CNC cutting on Torch or plasma. This is a Demo version but it lets you nest parts with amazing strategies and nesting capabilities

Tclock 1.2.0

<http://vetusware.com/download/Tclock%201.2.0/?id=15713>

TClockEx enhances the standard Windows 95/98/NT clock that is built into the taskbar, providing the ability to display the time AND date in any format you choose.
