Quote:Experience 1985 nostalgia with a special edition Windows 10 PC app inspired by Windows 1.0--but one that's been taken over by the Upside Down from Stranger Things. Explore the mysteries and secrets plaguing Hawkins, unlock unique show content and easter eggs, and play retro games and puzzles--all building off Stranger Things 3. Join Eleven, Steve, Dustin and gang as they seek to save Hawkins and the world. Embrace the 80s and grab your hairspray, because it's basically the raddest show companion experience ever. But fair warning: beware the Mind Flayer.

Download the Windows 1.11 app today. Best of luck!
