My Advanced MailList and AddressBook for Windows 1997

<http://vetusware.com/download/My%20Advanced%20MailList%20and%20AddressBook%20for%20Windows%201997/?id=16087>

My Advanced MailList is a comprehensive mailing list manager database that supports a wide variety of label formats, embedded graphics, import/export with other databases, and printing POST-NET barcodes.
