Lotus 1-2-3 2.01 for Government Edition 2.01
https://vetusware.com/download/Lotus%201-2-3%202.01%20for%20Government%20Edition%20
2.01/?id=16893
Lotus 1-2-3 Release 2.01 for Government Edition is a special release created specifically for sale
to the US Military after they prohibited all purchasing of copy protected software. The justification
was "so it can be easily loaded on a hard disk during a crisis". Instead of copy
protection, this version has an extra nag screen at startup.   Inside there are the .img files for a
fresh installation AND an already installed folder, tested with DosBox.
