QuickEdit Text editor 1.0

<https://vetusware.com/download/QuickEdit%20Text%20editor%201.0/?id=17080>

QuickEdit is a simple notepad replacement that adds the following features: Edit any amount of text (limited only by available memory). Turn word wrap on or off at the touch of a button. View correctly formatted Dos (ANSII) text at the touch of a button. Improved search and replace capabilities. Friendly and intuitive user interface. Identical versions for Windows 3.1 and Windows 95. Unlimited Undo/Redo. Auto-Indent mode for programmers. So what's so special about QuickEdit?..... Nothing! It isn't designed to have more features than the surface of the moon, QuickEdit is designed to simple, easy, quick and efficient to use. You don't have to learn anything new..... just use and enjoy. In fact you shouldn't even need the help file, though its there if you need it.
