Mulogix Librarian

<https://vetusware.com/download/Mulogix%20Librarian/?id=17425>

MuLib (the MuLogix Librarian) is a utility program for the Digital Keyboards SYNERGY and MuLogix SLAVE 32 synthesizers. It is designed to run on an IBM PC (or true compatible) with at least one disk drive and 256K of RAM (more recommended).
