https://vetusware.com/download/EaseUsDataRecoveryWizard_Pro_8.1%208.1/?id=17463

works on all versions of windows

Macrium 5.3.7256

<https://vetusware.com/download/Macrium%205.3.7256/?id=17466>

Macrium.Reflect.Professional.5.3.7256 32 and 64 bit versions with ptch

Opcode Studio 128X 64X 64XTC Drivers winALL n/a

<https://vetusware.com/download/Opcode%20Studio%20128X%2064X%2064XTC%20Drivers%20winALL%20na/?id=17456>

drivers for the Studio Series midi interface (3.1 to XP)with updated patchbay for NT Now the only place you can get this collection is on Vetusware

Silent Service 2 II

<https://vetusware.com/download/Silent%20Service%202%20II/?id=17461>

Submarine game with combat graphics, ship identity quiz before commissioning, strategy, promotions, etc. Ptograms play on Win xp, Win 7. DOS, Should work on many older Win Systems also. There is a help file included and I started a ship identification booklet in MSWord 7.
