Meridian Ada Z 4.1.4

<https://vetusware.com/download/Meridian%20Ada%20Z%204.1.4/?id=17519>

An Ada 83 compiler for DOS. Major differences to AdaVantage 4.0 for DOS: Includes a 16-bit extended-mode DPMI compiler that can access more RAM and thereby compile more complex programs. The extended-mode compiler can create 16-bit extended-mode programs. Includes an IDE based on BlackBeard.
