Vision 2.5

https://vetusware.com/download/Vision%202.5/?id=17544

Vision for Windows is a complete, professional system for recording, editing, and playing music with your PC. Vision provides extensive editing with notation, graphic and list windows. Included is the Open Music System (OMS) for seamless interfacing to PC sound cards, MIDI hardware and multitrack recorders. Includes the 1997 update to 2.5.1.
