CD image \*.iso file found in the downloadable \*.zip file which also contains installation instructions in the "card.jpg" file. Installed and tested on a Virtual Windows 3.11 system, running under DOSBox-X. Should probably also run on genuine vintage hardware.

Quicken 5.0d for Windows

Quicken is a financial management tool for home users. This is a 16-bit Windows 3.1 application.

For a non-floppy install, copy all files from each floppy in to one folder and run setup.
