AOLPress 1.22 HTML editor 16-bit WIN 3.1 America Online Inc. August 16, 1996 Systems:

Windows 3.1, Windows 95 AOLPress 1.22 16 bit is an WYSISWYG HTML editor that was

available from America Online (AOL). AOLpress is the updated version of GNNpress 1.1, and the grandchild of NaviPress, which was bought by AOL in late 1995. Once freely available for download on AOL's Global Network Navigator site. <http://www.aolpress.com/press/>

<http://www.aolpress.com/press/index.html> <http://www.aolpress.com/download.html> The installer - AOLP122.EXE - is a 16 bit Installshield self-extracting installer, and modern antimalware software may complain. YMMV Installed and screenshots on VM running Windows 98 SE. AppleSeed 2023
