iDOOM 1.1

<https://vetusware.com/download/iDOOM%201.1/?id=18338>

iDOOM v1.1 is a TCP/IP network driver for id Software's DOOM. iDOOM allows up to 4 players to play DOOM over the Internet using the TCP/IP protocol suite. A drop-in replacement for TCPSETUP, iDOOM is also fully compatible with the Internet FRAG SERVERS. New in this version is a Client/ Server mode with built-in chat facility, online game parameter changing, a player directory, and much more.
