Quixel's Spanish Adventure 1.0

<https://vetusware.com/download/Quixels%20Spanish%20Adventure%201.0/?id=18412>

Quixel, a robot from the planet Mars, is excited about going to Earth to learn Spanish. When his spaceship finally reaches his destination, large debris results in a crash landing. Children will help Quixel rebuild his spaceship in order for him to return to his home planet while learning Spanish as a foreign language. Targeted to Elementary School children.
