Java 1.4.2_09 for OS/2 1.4.2_09 build 63

http://vetusware.com/download/Java%201.4.2_09%20for%20OS2%201.4.2_09%20build%2063/?id=12281

Port of Java for IBM OS/2 Warp 4.0. Requires: OS/2 Warp 4 with fixpack 16 and above, or Convenience Package 1 or 2 (Aurora or Merlin). Needs, too, Innotek Runtime for install and works well with IBM Web Browser and Firefox.
