ACDSee32 1.0

<http://vetusware.com/download/ACDSee32%201.0/?id=13363>

ACDSee32 is a shareware image organizer and viewer software for Microsoft Windows and developed by ACD Systems. 1994 - The first version of ACDSee (16-bit, for Windows 3.1).

ACDSee 1.0 16 bit sold for \$15USD 1995 - The first version of PicaView 1997 - ACDSee 95 was released, the first 32-bit version of ACDSee This edition was designed to run on Windows 95, Windows NT 3.51 and Windows NT 4.0 Since then, it has also been run on Windows 98, 2000, XP, Vista. It is a 16bit installer package and will fail on 64bit versions of Windows, since these do not have a 16bit subsystem. NOTE: Serial included. AppleSeed in 2017
