NVIDIA Windows 95/98/ME Display Drivers 77.72

<http://vetusware.com/download/NVIDIA%20Windows%209598ME%20Display%20Drivers%2077.72/?id=13634>

This is the last version of the NVIDIA driver set for Windows 9x that does not crash on shutdown. Supports up to Geforce 6xxx cards. The driver works on 95, however the control panel requires 98.
