The Arity Prolog Compiler is an implementation of the Prolog language. It competed against Borland Turbo Prolog.

Pdc Prolog 3.21

<http://vetusware.com/download/Pdc%20Prolog%203.21/?id=13961>

PDC Prolog, by Prolog Development Center, is an enhanced implementation of the Prolog language (a language associated with artificial intelligence development). Some early versions were marketed and published by Borland under the name "Turbo Prolog".
