The Apple Network Administrator Toolkit is a set of tools for aiding centralized network management on early Macintosh computers. Includes At Ease 5.

The Definitive Wargame Collection by SSI

<http://vetusware.com/download/The%20Definitive%20Wargame%20Collection%20by%20SSI/?id=14155>

The Definitive Wargame Collection is a game published in 1995 by Strategic Simulations, Inc., the theme is compilation/shovelware. It features a genre and uses a perspective. This collection includes the following games, mostly some of SSI's mid-level flops and/or sort-of successes: DECISIVE BATTLES OF THE CIVIL WAR, BATTLES OF NAPOLEON, CONQUEST OF JAPAN, D-DAY: THE BEGINNING OF THE END, GLOBAL DOMINATION, GOLD OF THE AMERICAS, BATTLEFRONT, REACH FOR THE STARS, SWORD OF ARAGON TANKS!, WARLORDS
Manuals should be included (*.txt files) as far as I know..you will need DOSBOX to play this games on modern PC's. Have fun.
