Vetus, please, fix "Manufacturer" string on this page:

http://vetusware.com/download/Multi-Edit%20Lite%201.00i.005%20_unofficial_/?id=11863
(American Cybernetics, Inc)

Also "Manufacturer" string not correct here:

<http://vetusware.com/download/Multi-Edit%207.0/?id=18>

-- It's now (2015) "Multi-Edit Software", but in 1996 it is "American Cybernetics, Inc".
