DOSamatic 2.06

<http://vetusware.com/download/DOSamatic%202.06/?id=14969>

DOSamatic is a shareware multitasking program that competed against some of the big name DOS multitasking programs.

Klasik 2.5 2.5 (CZ)

<http://vetusware.com/download/Klasik%202.5%202.5%20CZ/?id=14970>

Powerful Office suite with graphical mode text and table editor; print, fax and email capabilities; multi-lingual dictionary and set of smaller utilities like calculator, address book, clock and calendar.
