Apogee Software Productions Presents

PHARAOH'S TOMB °

Volume I Ä Raiders of the

Lost Tomb If you like this game there are three sequels you can also order to continue your adventure. Please pass this game around to friends if you want to. There are two ways to move your man, the left/right cursor keys, or use the [Ctrl] and [Alt] keys to move your man left and right, press the [spacebar] to jump, and any key on the bottom row throws a spear! The left/right movement keys can be redefined if not workable on your particular keyboard. Please use the Configure option from the menu. Caution: This game may not work correctly if you are also running RAM resident software such as SideKick, which uses similar hot keys to the left/right movement keys of Pharaoh's Tomb. Thank you, Scott Miller (214) 240-0614
