Jazz Jackrabbit CD 1.0 (single .ZIP download) 1.0

[http://vetusware.com/download/Jazz%20Jackrabbit%20CD%201.0%20\\_single%20.ZIP%20download\\_%201.0/?id=15292](http://vetusware.com/download/Jazz%20Jackrabbit%20CD%201.0%20_single%20.ZIP%20download_%201.0/?id=15292)

This is the same CD version listed elsewhere on this site as 8 .rar files, except I downloaded all 8 .rar files, extracted them, and combined them into a single .zip file. This is to make everything easier and make it actually possible to download it without it taking several days with a starter account. There was no good reason to split it into 8 1 megabyte files in the first place. It was only done to waste everybody's time as far as I can tell. Unzip it, run setup.exe and setup your sound card, then type jazz to start.
