Quattro Pro Installed included and also Diskketes Installation fixed for Windows 9x and newer (except for Windows 10 and 64 bits Windows XP(SP1 or SP2)/7/8.x/10). For the Diskette Installation: Fixed the installer files for newer versions of windows such as Windows 9X/2000/XP/7/8.x Included the files: 1.- BWCCLIB.LIB 2.- INSTRUN.EXE and must be copied by folders such as "diskX" folders where X is the disk numbers 1 to 8, for easy installs without errors of installer and without restarts (reboots) of Windows 9x and Newers (included as Windows 7 or XP). Included the library called BWCCLIB.LIB into by the file called BWCCLIB.RAR. NOTE: Don't execute in 64 bits versions of Windows.
