iFrag 2.2

<http://vetusware.com/download/iFrag%202.2/?id=16138>

iFrag, a TCP/IP network driver for games based upon id Software's DOOM game engine. iFrag allows up to 4 players to play games based on the DOOM engine (DOOM, DOOM II, Heretic, and now Hexen) over the Internet using the TCP/IP protocol suite.
