Cubase 1.0 1.0

<http://vetusware.com/download/Cubase%201.0%201.0/?id=16141>

Steinberg Cubase 1.0, OS : Win 3.11 / 95 / 98, full version working without serial or crack, it may start also on Win 2000 but it will crash on exit, it runs OK on VMware.

Cubasis AV 1.0

<http://vetusware.com/download/Cubasis%20AV%201.0/?id=16142>

Steinberg Cubasis AV 1.0, OS : W95/98, this version was bundled with a Roland keyboard and doesn't need any serial or crack it's fully working out of the box and runs fine on VMware.
