Lemmings for Windows 0.9.0.4 (JA)

<http://vetusware.com/download/Lemmings%20for%20Windows%200.9.0.4%20JA/?id=16269>

This is extracted from the Japanese version of Lemmings for Windows. I've included an 'installed' version as the setup program is a Win16. I've also overlaid the installed version with the executables from the English demo giving you an English version as well.
