DUNCE 2.52

<https://vetusware.com/download/DUNCE%202.52/?id=16487>

Dunce (or Dial-Up Networking Connection Enhancement) allows for much easier dial-up networking than Win95 currently provides. The program will automatically press "connect" for you on the "Connect To" dialog box, redial your Internet Provider indefinitely (even from within another application), and auto-reconnect if you get unexpectedly dropped.
