CAM1000 Mill and Lathe V12-G 12-G

<https://vetusware.com/download/CAM1000%20Mill%20and%20Lathe%20V12-G%2012-G/?id=16499>

CAM and CAD Software for Mill and Lathe for MS-DOS systems, can do 3D DXF drawings and generate CNC G-Code. Needs a crack or Key Dongle to save files, but i have included a copy of bobwire v14 EXE that has the same CAD interface and can save drawings.

COMit DOS and Windows V1.131 1.131
