Purple Moon Website Flash Files 1.0

<https://vetusware.com/download/Purple%20Moon%20Website%20Flash%20Files%201.0/?id=16809>

A selection of Flash Files from the old Purple Moon website from 1999 that you can't get from the Wayback Machine. Created as Flash 4 projectors in an ISO Image using Ashampoo Burning Studio FREE and ImgBurn 2.5.8.0 on Windows 10. For Windows 95 up to Windows 10 64-bit. Credit to Alanis Smithee for providing the SWF sources.
