GetRight 3.3.3

<https://vetusware.com/download/GetRight%203.3.3/?id=17002>

GetRight 3.3.3 Headlight Software Inc. Year - 1999 Windows 95 thru Windows 8 GetRight is a shareware download manager developed by Michael Burford. Burford's company, Headlight Software, first published the program in 1997. GetRight is able to pause and resume downloads, download from multiple servers, scheduling the starting and stopping of downloads and shutting off the computer or disconnecting the modem when the downloads have finished. Included in this package are both serials and keygen from original release groups. AppleSeed 2021
