Blackout 2.00

<http://vetusware.com/download/Blackout%202.00/?id=12300>

"Screen blanker. User can select timeout. Will never make screen corrupt or inaccessible. Compatible with games. Lets applications run while the screen is blank."

DOS Navigator II 1.42

<http://vetusware.com/download/DOS%20Navigator%20II%201.42/?id=12299>

DOS Navigator (Russian and English Install)

EDITV 4.1

<http://vetusware.com/download/EDITV%204.1/?id=12301>

"EDITV is a character based DOS ASCII textfile editor with an intuitive Windows-like interface. It can be used for simple text-editing tasks, like creating or modifying batch files or program sources. It is based on the TFileEditor object included with Borland's Turbo Vision v2.0 for DOS."

GPAINT (with Genius Mouse Driver) 9.06

http://vetusware.com/download/GPAINT%20_with%20Genius%20Mouse%20Driver_%209.06/?id=12297

ZAP

<http://vetusware.com/download/ZAP/?id=12298>

Sub-Directory remove. Turbo C DOS Utility.
