PackageManeger(yum)\_for\_os2

[https://vetusware.com/download/PackageManeger\\_yum\\_\\_for\\_os2/?id=17616](https://vetusware.com/download/PackageManeger_yum__for_os2/?id=17616)

can use yum 1.First install "warpin-1-0-26.exe" 2.Next install

"rpm-yum-bootstrap-1\_5-i386.wpi" 3.Done! So OS2 and eComstation can use

"yum"
